50 CENTS PER MONTH

COFFIN SHIPS DETAINED BY STORM

Thousands Await Their Arrival
In Halifax Tomorrow With
Sorrowful Burden

PRIVATE CARS OF ASTOR AND WIDENER FOR DEAD

Titanic Probe to End Quickly
That Congress May Pass
Needed Legislation

HALIFAX, April 29.—The Mackay-Bennett, bearing the bodies of Titanic victims, has been delayed by storms and will not arrive until 9 o'clock tomorrow morning.

Thousands are awaiting the arrival of the funeral ships. Including the bodies aboard the Minia, two hundred and twenty-five bodies were found, of which one hundred and twenty-eight have been identified. Vincent Astor and William Widener are here with private cars awaiting the bodies of their father and brother. No word has been received as to whether the body of Mrs. Straus was found. There are only one hundred coffins aboard the Mackay-Bennett. Other bodies are packed in ice. Relatives will not be admitted to the temporary morgue here until the bodies have been embalmed and arranged, for fear of a panic.

**PROBE TO END SOON—REPORT
CONGRESS FOR LEGISLATION**

WASHINGTON, April 29.—The Titanic investigation will be closed quickly and a report presented to Congress so that remedial legislation may be adopted immediately, and but few more survivors will be called to testify, according to a statement made today by Chairman Smith. Wireless Operator Bride of the Titanic, and William Marconi, head of the Marconi company, arrived here this morning, at once causing the belief that they would be recalled to testify.

Marconi was the first to testify. He corrected his previous testimony, testifying that he sent a message to the Carpathia requesting the Carpathia's wireless operator to send him dispatches immediately giving news of the Titanic disaster or to state why the Carpathia's captain would not permit news to be sent. He said he received no answer. He produced a sheet of wireless telegrams sent by the Marconi company to the various coast stations urging quick information in regard to Titanic messages, and showed inquiries as to the fate of Astor, Major Butts, Hays, Straus and Guggenheim. He declared his inability to reach the Carpathia was due to the operator's being most busy with messages from the survivors to their relatives.

Chief Engineer Sammis of the Marconi wireless system testified that messages to Operators Bride of the Titanic and Cottam of the Carpathia, telling them to hold their stories of the disaster for money in four figures, originated at Expert Davidson's Seagate station. The messages were sent, he declared, to cheer the tired operators.

HARVESTER TRUST DISSOLUTION SUIT FILED TOMORROW

WASHINGTON, April 29.—The Department of Justice today announced that a suit to dissolve the Harvester Trust will be filed tomorrow at St. Paul.

President Taft and Attorney General Wickersham decided to file the suit at a conference held here yesterday.

IN LAST YEAR 2370 HUNTER'S LICENSES SOLD IN COUNTY

County Clerk Williams has forwarded his hunter's license books to the State Fish & Game Commission, and can sell no more licenses until June 1. Thereafter the licenses sold will be for the year commencing July 1 next. Anyone wishing a license for the remainder of this year will have to send to the state commission for it. In the last year the clerk's office here has sold 2370 hunter's licenses, which is an advance of probably 200 over the previous year.

Real Heroes of Titanic: Men Be- low the Decks

WASHINGTON, April 29.—The real heroes of the Titanic, the men below the decks, went to their graves unsung, and while the wealthy passengers are getting so large a share of praise, the engineers and other employees of the ship are forgotten, according to the declaration of Congressman Victor Berger of Wisconsin. He asserted:

"Greed and speed are the characteristics of the capitalistic system. They caused the Titanic disaster. I do not want to belittle the heroism of the rich aboard the ship. Their bravery should be applauded. But do not lose sight of the fact that the real heroes were those who stuck to their posts of duty, and went to their death. Fifty per cent of the first class passengers were saved; ten per cent of the steerage."

TOOK A HIKE AND LIKE IT

Captain Ulm Finds His Men
Above the Average—March-
ed With Full Equipment

Captain Ulm has proven that his men are capable of taking a hike under regulation equipment and in regulation time. Saturday evening at 7 o'clock he and fourteen members of Company L started afoot for the Santiago Canyon, seven miles away. Each man carried his outfit, weighing 56 pounds. The regulation hike calls for three miles in fifty minutes, then ten minutes' rest, then three miles in fifty minutes, etc. The boys liked the march. In camp every man had to prepare his own meals, put up his own tent and sleep on the ground.

Yesterday was spent in signal work and target practice. At 2 o'clock the start home was made, and the squad arrived here at 3:30 o'clock, all fresh and pleased with the journey.

YOUNG ARCTIC HERO DROWNS AS POWER CANOE CAPSIZES

NEW LONDON, Conn., April 29.—George Borup of New York and Winthrop Case of Norwich, Conn., senior students at Yale Scientific school, were drowned off Crescent beach, six miles west of this harbor, yesterday afternoon. Their power canoe capsized. Both young men were twenty-five years of age.

Borup is the Yale student who went north with Peary when Peary discovered the north pole, and was the youngest member of the party.

SUPREME COURT SEVENTEEN ARE IN IMPORTANT DECISIONS PUT IN SINCE SATURDAY

Allows Interstate Commerce
to Regulate Commerce
in Alaska

Land on Bad Blind Pig
Joint at Yorba

AND DESIGNATES ALASKA AS BEING A TERRITORY

Washington Wins Railroad
Fight — Cotton Corner
Cases to be Reheard

Disturbers Taken From Los
Alamitos and Talbert to
County Jail

WASHINGTON, April 29.—A Supreme Court decision rendered today, authorizes the Interstate Commerce Commission to regulate commerce in Alaska. The commission has heretofore contended that it had no such authority under the interstate law. The Supreme Court also declared that Alaska is a territory, not a district.

**WASHINGTON STATE WINS OUT
IN FIGHT WITH RAILROADS**

WASHINGTON, April 29.—Through a decision today of the Supreme Court the citizens of Washington State won their fight to compel adjacent railroads to connect with railroad lines running through the state.

The decision declared as constitutional the state law authorizing the state railroad commissioners of the state of Washington to enforce connections. The court added, however, that the commission's order in the present case was made on insufficient evidence and set the order aside, thus affecting eight cities of Washington.

**REHEARING OF JAMES PATTEN
ET AL IN COTTON CORNER**

WASHINGTON, April 29.—The Supreme Court has ordered a rehearing on October 15, of the case of James Patten and other brokers charged with violation of the Sherman law by cornering cotton.

WILL PLANT 25,000 ACRES OF POTATOES

San Joaquin County Will Keep
Crop Going Continuously
Until Late Fall

STOCKTON, April 29.—It is estimated that this year's crop of potatoes in San Joaquin County and the territory immediately to the west will cover 25,000 acres.

Potatoes are planted continuously, beginning even before the danger of frost is over and continuing late into the fall. New land is being put in all the time and some of the old land is worked over for another crop. In land freshly broken for potato raising the vegetables are kept growing in rotation, new seed potatoes being worked in as fast as the matured tubers are taken out. The harvesting begins at one end of the field, the re-cultivation and replanting following immediately. In this way the crop continues nine months in succession.

The yield runs all the way from 100 to 300 sacks to the acre. The current price depends, of course, on climatic conditions and the market demand. This season early potatoes will probably sell at about \$2.50 a sack wholesale, owing to the backward growth and late frosts.

55 DEATHS FROM TORNADO IN TEXAS AND OKLAHOMA

OKLAHOMA CITY, Okla., April 29.—Fifty-five deaths are reported from the tornado that swept through Oklahoma and Texas Saturday and at least ten more are expected to be added to the list of victims by still later reports from inaccessible districts. Several hundred persons were injured. Several of the sunken towns are isolated owing to the demoralization of wire facilities.

Kansas Suffers Also

KANSAS CITY, Mo., April 29.—Heavy rains accompanied the severe winds and electrical storms which swept Kansas last night, and flood conditions are reported in many parts of the state.

ROYALIST ARMS TAKEN

Portugal Republicans Capture Two
Big Consignments of Re-
publican Arms

BADAJOS, April 29.—A large consignment of rifles and ammunition has been captured, at the frontier and another consignment has been discovered in a monastery at La Guardia. The republicans think by these two captures they have achieved a remarkable step against the encroachments of the Portuguese royalists.

Wherein Taft Failed the People

In his floundering as to tariff revision, as a result of which the free traders gained a more threatening position than they had held for many years.

In assisting Aldrich to defeat Beveridge's tariff commission bill, which provided for scientific administering of the protection principle to take the place of log-rolling methods.

In first advocating an income tax in his campaign speeches and then joining with Aldrich to defeat the measure in congress.

In negotiating with Canada a reciprocity measure which was a repudiation of the Republican doctrine of reciprocity; which was merely a trade agreement, in which the American farmer was sacrificed; and which was utterly devoid of the scientific consideration of the tariff question that is the demand of the day.

In dismissing the Country Life Commission, a body appointed by Roosevelt, who believed that statesmanship should be directed to looking after the welfare of the farmer as well as being devoted to the populations of the cities.

In his upholding of Ballinger, whose policy was from the first to wreck the conservation policy and permit the great corporations to grab the natural resources of the West and Alaska.

In forcing on the serious consideration of congress a railroad rate measure that was nothing short of a raid on the rights of the people; only by heroic efforts of the Progressive members of the Senate was a good law passed.

In trying to browbeat Progressive Congressmen by depriving them of patronage appointments, as was confessed in Secretary Norton's famous letter.

In acceding to a disintegration of the Standard Oil and Tobacco trusts, whereby their stocks rose higher in the market, and all effort at relieving monopolistic conditions was defeated.

In the failure of his administration to enforce properly the Pure Food and Drugs Act.

In blocking work on national irrigation projects.

In giving his support to various bosses throughout the country and encouraging the old, discredited political elements.

Hold a Meeting Tonight To Make Plans For the Thursday Night Meeting

Definite plans for receiving Governor Johnson and for holding the Thursday night meeting, at which Governor Johnson will be the principal speaker, are to be made at a meeting tonight of the executive committee of the Santa Ana Roosevelt Republican Club.

The tentative plan is to meet Governor Johnson and his party, who will come into the county by automobile from Los Angeles County, at Fullerton. Automobiles will escort the party from Fullerton to Santa Ana. There will be no speech-making by the Governor in this county except at Santa Ana Thursday night.

The meeting here will be held at the Grand Opera House. It is probable that the Santa Ana Band will be out, and that an automobile parade and red fire will be employed to show the enthusiasm with which Santa Ana regards Roosevelt and Johnson.

REFUGEES IN FROM MEXICO

No Intervention, no Danger—
Jap Declares Japan Not
Interested

SAN DIEGO, April 29.—Declaring there is no danger from Mexicans unless there should be American intervention, but believing that intervention would precipitate a massacre, a score of Americans and English arrived today on the Mexican west coast steamer Benito Juarez. They say that Americans are in no danger as long as America does not interfere.

Fatsunake Fakasaki, the Japanese fisheries expert, returned from Magdalena Bay, following the investigation of its possibility as a site for a Japanese fish cannery, arrived today on the steamer Benito Juarez. He unqualifiedly denied the published reports that the fisheries activities have any political significance. He declared the Japanese government is not concerned in the establishment of fishing bases on the Mexican coast, and denied that a great colony was proposed.

**VEDRINE'S SKULL
FRACTURED BY 700-
FOOT FALL FROM AIR**

PARIS, April 29.—Endeavoring to establish a Paris-to-Madrid record Jules Vedrine, the foremost French aviator, fell 700 feet today while traveling at the rate of 100 miles an hour. His skull sustained a compound fracture, but he has a chance to recover.

WHITE HOUSE ASPIRANTS GET BUSY

Whirlwind Campaign Waged in
Massachusetts Today From
Train Platforms

ALL SEEK VICTORY IN PRIMARIES TOMORROW

Gov. Johnson and La Follette
Both in Los Angeles Which
is Conflict's Heart Today

BOSTON, April 29.—From the tail-ends of railroad trains President Taft, Colonel Roosevelt and representatives of Governor Woodrow Wilson and Champ Clark are making a whirlwind campaign in Massachusetts preparatory to tomorrow's primaries.

Colonel Roosevelt spoke at Chelsea and a dozen other places. President Taft is covering Colonel Roosevelt's route of last Saturday. He has not attacked Roosevelt personally, confining his remarks to the employer's liability and workmen's compensation laws. Senator Crane and Congressmen Weeks and Gardner are speaking for Taft in other cities.

An immense crowd heard Taft at Attleboro. Taft leaders expressed confidence in victory tomorrow, but admitted the possibility of Roosevelt carrying several districts.

POLITICAL NOTABLES AT LOS ANGELES TODAY

LOS ANGELES, April 29.—With Governor Johnson en route on the ninth floor of the hotel, Senator La Follette directly beneath on the seventh floor, both slated for campaign speeches tonight; with ex-Governor Gillett here for Taft, Medill McCormick, Walter Houser and others busy, Los Angeles is today the political capital of the West. At a late hour neither Governor Johnson nor Senator La Follette had called on the other. Johnson speaks here tonight, and La Follette at Santa Monica and Ocean Park.

Governor Johnson today predicted that Roosevelt will win California two to one. He was asked:

"Do you believe this victory will result from the conviction that the principles represented by Roosevelt are more progressive than those of La Follette?"

He replied: "Absolutely yes."

He denied that he believes voters will support Roosevelt because they believe Roosevelt can win, and fear La Follette cannot.

BEVERIDGE WILL STUMP CALIFORNIA FOR ROOSEVELT

SAN FRANCISCO, April 29.—Albert J. Beveridge, former United States Senator from Indiana, will arrive here next Friday to take the stump for Theodore Roosevelt. The news was received in a telegram to John W. Steierson, state senator from Alameda, who has been active in support of Colonel Roosevelt.

Former Senator Beveridge will leave Indianapolis Tuesday and expects to remain in California during the campaign. He is expected to travel widely.

WASHINGTON CITY TO RAISE CHERRIES

Expect to Derive Sufficient
Income to Off-set Loss of
Saloon Licenses

TACOMA, Wash., April 29.—The town of Burlington intends to make municipal cherry orchards foot the bills which have been heretofore met with money derived from liquor licenses. Known as the "wettest spot in Skagit County" a few months ago, Burlington is now said to be the "driest."

A day Council refused to grant new liquor licenses or renew those expiring. As a result all saloons went, and with them a large slice of municipal revenue. Nobody wanted to pay higher taxes. Everybody was requested to suggest plans whereby the lost revenue might be replaced.

The Burlington Chamber of Commerce sifted many ideas and finally the chamber and the City Council decided to plant 1000 cherry trees as a starter along Burlington's finest streets. The planting has started, to be continued next fall. Householders will not be charged for enjoying the shade but every cherry must go into the municipal treasury.

AN ONE SIDED SCORE RESULT

Santa Ana Team Had no Trou-
ble Taking Yester-
day's Game

Santa Ana, 10; La Brea, 1.
Somebody said it was going to
shower a little and it not only showered
but it rained hits and runs yester-
day at the ball grounds, Santa Ana
getting ten men across to the visitors' side.

"Midget" Brown was put on the hill
for the locals and the little fellow was
certainly the whole show. He had
them eating out of his hand all
through the game. The Midget was
in such good shape that for six innings
he held them both, runless and hit-
less, their first hit coming after two
men were out in the sixth. Only three
safeties, two of which were doubles,
were secured by the visitors with only
one run. Brown had thirteen scalps
in his belt when the final counting
was made.

"Pete" West deserves a little cred-
it for the hitting that he did. His first
hit coming in his first trial, a single
to left, and his second a hit down the
third base line which was responsible
for a score. Pete scored two of the
ten runs scored by the locals.

Brown started the fireworks in the
first inning by slapping the first pill
over for a two-sacker to right. Mott
followed with a ground scorcher to
right field, scoring Brown. Stevens
fanned. Head followed suit. Miller
drew a pass and Mott and Miller
worked a double steal, but Golden end-
ed it with a pop fly to second.

The visitors could do nothing with
Brownie and the locals jumped for
three frames, then pulled a couple
more across the home sack.

That Awful Sixth
The sixth was an awful pit for the
visitors, but they had to take it. The
locals slammed the horsehide to all
corners of the lot. Alvarez and Valdez
replaced Rico and Lamori and this is
where the balloon went up.

The visitors scored their only run
in the seventh after two men were
down. Grivole doubled, and Salnz fol-
lowed with another double that scored
Grivole. Harring tell an easy victim
to Brown's curves. That was all there
was to it.

Notes of the Game
Miller at third and Golden at sec-
ond, were new men yesterday and
showed up well.

Two hits, two scores and four times
at bat for Brown.
West was in his batting clothes, se-
curing two hits out of three trips to
the plate.

Mott secured three timely swats,
all of which were good for run, and
played his usual steady game at first.
The locals are playing good ball and
deserve the support of the local fans.

5—Motor Absolutely Dust Proof.

Valves are closed and no moving part
(except fan) is subjected to dust and
dirt.

6—Long Stroke Motor.

4 1/4 inch bore. 5 1/4 inch stroke. These
features give the engine greater pull-
ing power at low speeds and insure
the utmost economy in consumption
of gasoline. Absolute horse power on
brake test 42.8.

7—Great Flexibility.

The Michigan "40" has extreme speed.
And it makes that extreme speed with
no more perceptible effort that it

makes a speed of fifteen miles an
hour. There is practically no vibra-
tion. On the other hand it will thro-
tle down on high gear to a walking
speed. No other car built possesses
greater flexibility of motor.

8—The Quietest Car.

Perfect construction together with
dust and dirt proof features and
splendid workmanship in Michigan
cars insure absolute silence in opera-
tion. No cars run more quietly.

9—Self-Starter.

An absolutely efficient self-starting de-
vice goes on every Michigan car.
Nothing complicated. Very light-
thoroughly dependable. Nobody likes

ORANGE FORMS ROOSEVELT CLUB

Strong Membership Enlists
With Purpose of Making
Aggressive Campaign

ORANGE, April 29.—An enthusias-
tic Roosevelt Club, with a membership
of fifty, was organized at a meeting
held here Saturday night. In view of
competing attractions the attendance
was surprisingly good, and a decided
disposition to get busy was evinced by
those present. The meeting was called
to order by S. M. Craddock, and Judge
C. C. Stoner was on motion chosen to
serve as president of the club. S. M.
Craddock was elected secretary, over
his protest. The president was author-
ized to appoint an executive commit-
tee of five to have charge of the work
of the club.

Following the organization an ad-
dress was delivered by E. E. Keech
of Santa Ana, who discussed the
Roosevelt movement in this section.
Some time was spent in general dis-
cussion, the universal sentiment of
those present being in favor of at once
taking up and pushing an active cam-
paign.

WOULD HEAD OFF OUTFALL

Newport Beach Tells Sugar Co. Not to Cross Inside City Limits

Newport News: The whole new board of trustees met Monday afternoon in the city hall.

The proposition of C. H. L. Christ to light the streets was referred to the street committee consisting of Collins and Parkinson who will render a report at the next meeting to be held on May 6th.

The resolution closing up the street along the bay front west of the Balboa pavilion was placed on final passage, and a resolution passed to the second reading ordering the property owners along both sides of Bay avenue to construct cement sidewalks as well as to have Bay avenue well filled and capped with dirt.

The city attorney was instructed to notify the Santa Ana Sugar Company not to enter the city with their sewer line.

The bonds of L. S. Wilkinson with F. P. Nickey and Geo. A. Edgar as sureties guaranteeing the faithful performance of Mr. Wilkinson as city clerk, that of W. A. Cornelius as recorder with Walter T. Trickey and J. J. Schnitzer as sureties and that of James A. Porter as marshal with Horace Hanson and W. J. Hutton as sureties were approved by the board.

City Marshal Hermes then pinned the star of authority on Mr. Porter and wished him success with the conduct of his important office.

Street Superintendent Smith was given permission to buy a new scraper for use on the streets.

The city clerk was given permission to employ a deputy assessor, the salary not to exceed \$150 for the job.

DELEGATES ARE ELECTED TO GREAT CONFERENCE OF 1913

Mass Meeting Hears Masterful Address by Rev. J. S. Martin of Pittsburgh

Immigration is Greatest of All Problems to Be Met by This Nation

REV. DR. JAMES S. MARTIN

At the First Presbyterian church yesterday afternoon, Rev. James S. Martin of Pittsburgh, Pa., general secretary of the National Reform Association and organizer for the Second World's Christian Citizenship Conference, to be held at Portland, Ore., June 29 to July 6, 1913, delivered a masterful address. Primarily Rev. Martin's visit was to arouse enthusiasm concerning the great conference, and in that he was entirely successful. Secondly, his object was to arouse interest in the work of the Christian citizenship movement, and in that he was equally successful.

After Rev. Martin's address, in which he explained the purposes of the conference, the following were chosen as delegates from Santa Ana: Revs. Seecombe, Huxsolt and Steven. L. J. Carden, O. H. Gruenewald, William Thurstby, C. C. Collins, Jacob Fisher, Z. B. West, L. A. West, S. M. Davis, L. M. Edwards and W. H. Thomas. Other delegates may be added. The reason delegates are named at this early date is that interest in the conference may be continuous from now on.

The mass meeting was presided over by Rev. Seecombe, pastor of the First Congregational church.

Rev. Martin said that arrangements have already been made for places on the program of the conference of the greatest thinkers of many nations. The conference will be definitely Christian, and will contrast the Christian influences and nations with the influences and nations of other religions, which will show the power and strength of Christianity.

The speaker declared that there are three organizations working in this country with the object of preventing the study of the Bible in schools. Two of these organizations are Jewish. There are eight states where the Bible cannot be used in the schools. In some places the follow-up effect of keeping out the Bible is to keep out all reference to the Bible. In one school, for instance, Longfellow's poetry cannot be used because of reference to biblical beliefs and incidents.

One of the best features of the address dealt with immigration problems. Rev. Martin said this was a world question, and that the trend of the present day is to consider questions as world-wide issues. Immigration is the greatest of all questions. In ninety years there have been 28,000,000 immigrants recorded as coming to the United States, and 7,000,000 of them came in the last seven or eight years. Formerly the newcomers were largely from the west and north of Europe, and now they are largely from the east and south, and not so desirable.

Immigrants bring with them their own ideas, and the problem to solve is to impress upon them American theories and American standards, and to make certain that American theories and standards are not lowered by theirs. Many things are involved in these ideas—the temperance matter, for instance.

As an indication of the wide scope of the conference, the speaker brought out a few points on marriage and divorce.

That the conference would be a great conference with a great power for Christianity, the deep impression left by the speaker.

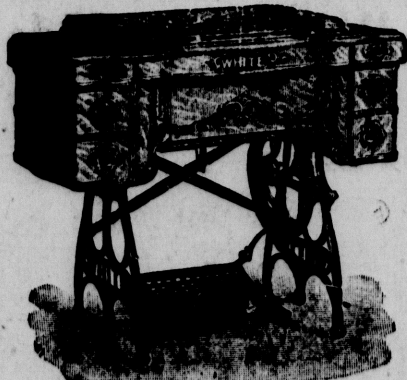

SPREADING OF STORM WATER HAS PROVED GREAT SUCCESS

SAN BERNARDINO, April 29.—The Tri-County Conservation Association, composed of prominent men of San Bernardino, Riverside and Orange counties, is convinced that the spreading of storm or surface water of the Santa Ana river and Mill Creek at the head of the San Bernardino Valley is conserving millions of inches of water each year.

This water, before the conservation idea was put into practical use had been allowed to run off, year after year, to the ocean and to waste.

The usual abundant rains throughout the winter months of the year relieved the orchardists and ranchers of irrigation problems and the roaring flood from the melting snows and heavy rains in the mountain regions rushed downward to the sea.

In the summer months the river and creek bed of the Santa Ana river and Mill Creek respectively are as dry as a powder horn from the mouth of the canyons down. The water is all taken

out and used for irrigating besides, the numerous artesian wells of the San Bernardino Valley artesian basin are working to capacity.

Eleven years ago H. A. A. Pedley of Riverside began to spread the water from and City and Plunge Creek near the outlet into the valley proper, over the gravel. The result was a gratifying increase in the flow of the artesian wells in that vicinity during the summer months.

Then Francis Cuttle of the Riverside Water Company began to experiment with the flood waters of the Santa Ana and Mill Creek and later the Tri-County Association was organized.

There is no longer any doubt in the minds of the members of the association that water can be allowed to percolate through the gravel beds into the artesian basins underlying the San Bernardino Valley and there be stored for years. Last year, as the result of the conservation system, the gravity flow from the wells into the Riverside Water Company canals and the Gage canal increased 1000 inches, while the total rainfall for several years previously had been on the decrease.

The water is taken from the channels of the streams near the mountains and diverted through numerous canals. Lateral canals branch off at frequent intervals and the streams grow smaller and smaller until they end in little mounds of heaped up earth where the water disappears into the earth, sand and gravel.

Within a mile and a half of any of the main diversion gates five or six hundred inches of water has completely disappeared.

It is claimed by experts that there is plenty of water in Southern California to put every foot of soil under cultivation, if the people would but save and store the winter contribution instead of allowing it to flow away through rock-ribbed channels to lose itself in the sea.

WILL MASSACHUSETTS BE TAFT'S WATERLOO?

The titanic struggle in Massachusetts dwarfs all other political happenings, even the effort to oust Colonel Hammond from the Taft management in California and the refusal of Frank V. Keessling to accept the thankless job.

The outcome in the Bay State tomorrow will unquestionably have a pronounced effect on the campaign over all the country. DEFEAT FOR TAFT WILL ELIMINATE HIM AS A CANDIDATE TOTALLY. Triumph for Roosevelt will be almost conclusive as to his success at Chicago. But defeat for Roosevelt will not be in any degree a crushing blow, for to offset such a turn the former President has the remarkable victories of Illinois, Pennsylvania, Nebraska and Oregon to sustain him.

Since President and ex-President have got into their hammer and tongs affair over those 40 delegates, predictions as to results have been cast to the winds.

The Colonel clearly has the better of the argument. On the defensive, he has shown that he has not misrepresented the President's attitude as to rule by the people. FOR TAFT'S FEAR OF THE "FITFUL IMPULSE OF THE MOB" EMBRACES THE VERY DOCTRINE THAT THERE SHOULD BE A RULING CLASS. As to Taft's friendship for Lorimer, the personal correspondence he revealed betrayed that "advisers" had induced him to be quiet. Furthermore, the facts stand out that Lorimer exerted his utmost in the President's behalf in Illinois, and that the Senators who stood by Lorimer are the bulwark of Taft's presidential support.

DON'T BLAME HAMMOND

According to late and reliable advice from San Francisco, the discomfiture of the Taft men because of the collapse of their campaign in California has given rise to a cruel flood of criticism directed at Col. Charles Milfin Hammond, who was brought down from Lake county by George F. Hatton to be the state manager.

Because there is no Taft sentiment among the people, Colonel Hammond is blamed for mismanagement. The development is a typical illustration of how easily standpatters are thrown into panic and how unjust they can be to their fellows when things go wrong.

As a matter of fact, Col. Hammond's direction of the Taft campaign has been highly capable under most adverse conditions. He did his best to have clubs organized in San Francisco but he could get no one to join them. He arranged meetings, got out the best available speaking material, and used every endeavor, but the people wouldn't come to listen. He has had the state flooded with Taft literature, but there were no results. Efforts to drum up memberships for clubs were futile.

Despite Col. Hammond's most energetic efforts, the total number of Taft clubs organized in California is considerably less than a fourth of the number the Roosevelt men have organized.

In San Francisco last week, for example, a widely advertised district meeting, with Congressman Cole, Mrs. Krebs and several other speakers of the program, drew no more than twenty people. Throughout the state the story has been the same. There is absolutely no Taft sentiment to arouse.

The heartlessness of the complaints against the state manager reached a climax when complaint was lodged at the national headquarters that every thing was going to the bad with the Taft campaign in California and that there should be a change of management.

This is the appreciation that has been won by a man who has done his utmost to retrieve a lost cause and failed only because there was also lutey no such thing as success.

The incident is of greatest political significance in California. It was George F. Hatton who selected Hammond for manager and it has been Hatton who, from behind the scenes has advised and guided him. That the old railroad crowd will now dare to upset the work of the once mighty boss, Hatton, and in a sense repudiate him, indicates what straits the panic stricken machine is in.

THE SMITH-CHAPMAN TARIFF BOGIE MAN FULLY EXPOSED

The Imperial Valley Press has for many years been a warm supporter of Congressman Smith, whose efficient work in behalf of the interests of the settlers of the Imperial valley is deeply appreciated there. Editor Howe, however, does not hesitate to criticize our congressman for attempting to drag the tariff issue into the presidential primary campaign. Mr. Smith recently wrote C. C. Chapman, urging the support of the Taft ticket for delegates to Chicago and commenting on this communication, the Press says:

Congressman S. C. Smith, who still represents this district, has written a letter to C. C. Chapman of Fullerton, candidate on the Taft ticket for delegate to the Republican national convention, and the letter has been made public.

Mr. Smith takes the ground that there is but one essential bond between the insurgents, that being a desire for a low tariff schedule, and argues that Southern California can not afford to align itself with low tariff advocates.

Mr. Smith belongs to the old school of politics, the school in which Joe Cannon was head master and in which the science of "log rolling" was recognized as the chief pursuit of man. He is one of the best of that type of politicians, and the people of this valley have at times profited by the fact that he was an expert log roller.

But for some reason he has failed to grasp the truth, as many other politicians hemmed up in Washington have grasped it, that the American people have discarded the old type of politics and are most insistent in demanding that government be conducted on definite lines of justice and a recognition of human rights rather than on the basis of pouring the food of graft into a common trough where the most greedy would secure the greater portion.

No sane and truthful man will deny that the tariff has been used at times to maintain a monopoly for predatory corporations in some lines, and that in such cases a lower tariff is necessary to re-establish healthy competition. And at the same time, every man will admit that there are certain industries which must be protected.

The old line politician individually took the ground that he would vote for every interest, including the big corporations, to have all the protection they wanted, providing the big corporations would get him what he wanted.

The new conception of the tariff, as supported by the insurgents, is to reduce the tariff to a question of justice and to apply this test of justice to the individual commodities.

Taking oranges for instance, because they are the chief product used by Mr. Smith in his effort to frighten Southern California Republicans back into the ranks of the corporation ruled wing of the party, is a plain matter of justice that they should have a protective tariff about equal to the differences in wages between Italy and California plus the difference in freights.

If the case comes up before reactionaries in congress there is no basis on which to demand the protective tariff except to grant the predatory corporations all they ask in return for what the orange growers ask, and that is buying the favor for too high a price.

But if the question should come before

THE CADILLAC SHOW TONIGHT

Illustrated Pictures of Mexican Trip Are of Great Interest and Timely

With eighteen Cadillacs in line, there was a parade on the streets of Santa Ana Saturday afternoon that attracted considerable attention. The parade started at Anaheim, where the automobile club of that city led the popular make of cars.

The object of special interest was the Mexican Pathfinder, the Cadillac that went to Mexico City over every imaginable road, through wilderness of mountain and swamp, through insurrectos and federals. The car carried relics of the great trip, and the engine that did the work shows the wonderful lasting strength of the Cadillac.

Tonight a free lecture and illustrated picture show is to be given at the Grand Opera House. Pictures taken along the route will be shown. In these times of trouble in Mexico these pictures are full of interest and instruction, not only concerning the problems of the automobile but also concerning Mexican affairs. P. J. Baudet, who drove the Pathfinder, will explain the pictures. Everyone will be welcomed to the show, free of charge.

WEDDING OF INTEREST

Miss Carrie Lea Feighner Wedded to D. A. McCartney in Los Angeles Yesterday

A marriage that will be of interest to Santa Ana people is that of Carrie Lea Feighner to D. A. McCartney, which occurred at Los Angeles yesterday, April 28, at high noon. The novel feature of the marriage of these young people was its occurrence in their own artistic new bungalow which the groom recently had furnished and prepared for his bride. The sacred rites were read by Rev. J. Ferguson in the presence of only the immediate relatives. The bride and groom were unattended. The bride, a charming brunette, was gowned in violet velvet and gold carrying a shower bouquet of cream roses. Immediately following the ceremony the wedding party left for Santa Ana where a dainty luncheon was served at the home of the bride's parents, Mr. and Mrs. Frank Feighner of North Bush street.

Rumors have long been current of the expected nuptials, but the announcement at this time were a surprise to many.

Mrs. McCartney has spent several winters here, coming here from the East and winning a place in the hearts of all who knew her by her pleasant and charming manner. The best wishes of a host of friends will follow her to her new home.

Mr. McCartney is not so well known to Santa Ana folk, having come from New York recently to claim his bride, but he made many friends during his brief residence here. After a short wedding trip through the south the young couple will be at home June 1 in Los Angeles.

Birthday Party

A birthday surprise party was given Mrs. William Stearns of Fairhaven avenue, last Friday. Quitting was the occupation of the afternoon, and all had a merry time of it. A dainty 5 o'clock luncheon was served. The guests were: Mesdames D. Walters, Edward Gray, E. J. J. Stilling and son, Alice Harned, Eliza Stearns, A. H. Partridge, Miss Dorothy Partridge.

Real Estate Changed

Alan A. Revell, organist of the Congregational church, has changed the date of his pipe organ recital from Tuesday night, May 7, to Monday night, May 6, on account of conflicting dates.

Coming Events

Mrs. Linn L. Shaw and Miss Faith Shaw have cards out for a whist party on May 9.

On May 9, Mrs. Frank Ey and Mrs. Henry Diers will entertain with whist at the home of Mrs. Ey. Cards are out.

Mrs. J. W. Bishop will be hostess next Friday with an afternoon whist party.

The Travelers, No. 1, will have a theatrical party May 3, attending the production of "The Spring Maid," scheduled at the Grand on that date.

Our successful word contestants should not forget that they have until next Saturday, May 4th, to take advantage of their generous discount prices. Better come now to get choice selection of lesson time. 504 1/2 N. Main St. Main 214.

AT NEWPORT BEACHES

Many Hundreds Visited Local Seaside Resorts—Santa Anans There in Force

Crisp and cool, yet with a glorious sun shining that tempered the breezes to a pleasant degree, yesterday was a day not to be resisted by the hundreds who were longing for a visit to the seashore. The Newport beaches were particularly favored by Santa Ana people and the beach-bound cars were crowded all day. One of the attractions of course was the huge shark that was pulled out of the sea near Newport Beach last Friday, and which up to last evening at least, was being exhibited near the S. P. wharf at so much per visitor. In addition to the hundreds from Santa Ana and nearby towns the electric line carried throngs from Los Angeles to the scene.

Among Santa Anans seen at Newport yesterday were Mr. and Mrs. B. Utley, Gen. Case and party, Mr. and Mrs. J. M. Akina, Mr. and Mrs. C. E. Jackson, Mr. and Mrs. Gilbert Williamson, Mr. and Mrs. Dale, Jr., Dr. and Mrs. Chas. Whitted, Mr. and Mrs. Jesse Dinamore, Chas. and Mrs. Clayton, Geo. M. Loggins and family, Miss Olive Newcomer, Robert Eaton, Brick Grouard, Lawrence Eaton, Clyde Bishop, Max Reinhaus and party, Geo. Thompson and family.

Baraca Boys Were Hosts
The Baraca boys of the First Baptist church and their teacher, A. Marshall, gave a pleasant party Saturday evening to the girls of the Phillips class of which Mrs. Z. B. West is teacher. Roses were used profusely in the decorations and the boys proved efficient hosts.

They had planned various games for the amusement of their guests and at the close of the evening, completed their hospitality by serving appetizing refreshments. There were between thirty and thirty-five young people present.

Died En Route
Word was received yesterday from F. D. Torrence of Xenia, Ohio, that Mrs. Jennie Torrence, whom he was taking home from Santa Ana on account of serious illness, had died while en route. Mr. Torrence reached Xenia with his sister's body last Saturday evening, and the funeral of Mrs. Torrence was to be held this afternoon.

Farmers' Club
At the meeting of the Santa Ana Farmers' Club held Saturday evening the subject, "How Shall Orange County Beautify Its Part of the Proposed State Highway?" proved very interesting, and the sentiment was unanimous that this county should not be behind any other section in this matter. The discussion seemed to favor small clusters of trees at frequent intervals where possible, rather than continuous lines; and that the Board of Supervisors should at the proper time appoint a competent person to attend to the selection, planting and directing the care of the trees and plants.

The next meeting of the club will be held May 5, at the home of Mr. and Mrs. J. R. Wilson, 1911 Spurgeon street.

Household Economics Club
Mrs. Theo. Winbiger was hostess last Wednesday afternoon to Section One of the Household Economics department of the Ebell Society, being assisted by Mrs. H. H. Reeves and Mrs. W. M. Clayton, other members of the committee for the afternoon.

Current events items on household economics proved to be interesting. Mrs. Flora Pyle, former superintendent of Economics in the State Federation of Women's Clubs, read a highly interesting and instructive paper on household economics. A piano solo was played by Mrs. A. J. Padgham, and Mrs. Mit Phillips sang a vocal number. Following the program refreshments were served by the entertaining ladies.

Pretty Luncheon
Miss Carrie Stutman entertained a few of her friends Friday with a 1 o'clock luncheon at her home in Tustin. A bowl of golden California

popples graced the center of the table, and elsewhere in the room yellow jasmine and ferns were used. Place cards, bearing yellow daisies, marked covers for: Mesdames E. M. Nealley, Payne, Crozier, Howard Turner, E. B. Burns, D. W. Ferguson of Los Angeles, George Cole; Miss Velda Medlock and Miss Gladys Harrison.

Ebell Club Elects Officers
The regular meeting of the Ebell society was held last Saturday afternoon at Elks' hall. This being the annual election of officers, the following were chosen for the coming year: President—Mrs. J. W. Bishop. First Vice President—Miss Stella Preble.

Second Vice President—Mrs. J. A. Swanner. Recording Secretary—Mrs. Geo. S. Smith. Corresponding Secretary—Miss Lu Lu Minter. General Curator—Mrs. A. J. Lawton. Directors—Mesdames Reynolds, Smart, Carden, Peck, Willis and Lethy.

The club will be represented at the Paso Robles convention of the State Federation of Clubs by the president, Mrs. A. J. Crookshank and Mesdames Bishop, Connell, Lyon, Pyle, Crozier, Marks and Miss Preble, delegates, or alternates, Mesdames Rutherford, Tubbs, Smart, Grubb, Winslow, Harris and Miss Cuddison.

Parent-Teachers Meet
The Lincoln school Parent-Teachers' Association met Thursday afternoon. The musical numbers of the program were very pleasing. They were:

Vocal Duet—Mesdames Mary Ely and Faith Shaw.
Piano Solo—Virginia Russell.
Mandolin Solo—Leola Patmore.
Violin Solo—Chauncey Huff, accompanied by his mother.
Piano Solo—Miss M. Havens.
Lullabies—Six little girls from the third grade.

Rev. Mr. Russell addressed the parents and teachers on "The Relation of Parents to Their Children." The message was strong in an appeal to parents to realize fully their responsibility toward their children.

A review of one of Dr. A. P. Schaeffer's lectures was most interesting and very suggestive to both parents and teachers.

this school year as being most helpful to pupils and teachers.

Many pupils produce, from three cents worth of seeds, thirty to fifty cents worth of vegetables. Intensive farming is being taught, and pupils in all grades are learning the value of rotation of crops.

"Simpler ideas" in matter of dress for young girls at time of graduation, proved an interesting question. The sentiment of the meeting was for hearty co-operation with the high school and grammar school parent-teachers' associations of the town in this matter.

The following were appointed by the chair as the nominating committee to nominate officers for the next year: Mrs. Swanner, Mrs. Tilton, Mrs. Finley.

The association extended thanks to Mrs. Horace McPhee for an electrical appliance sent to the school to be used in the heating of lunches or in case of emergencies.

Guild Will Meet
A meeting of the Woman's Guild of the Episcopal church, will be held on Tuesday afternoon, at 3 o'clock in Guild Hall.

Tickets for Children!
The Santa Ana Register has made arrangements with Dr. Roberts, the manager of the Bell Theater, so that this paper will give complimentary tickets to a certain number of children for Wednesday evening's performance. A limited number of tickets have been secured—only twenty—and these will be given away to the first ten children who will bring us one subscription for the Register, paid in advance for one month.

Now wouldn't you like to be one of those ten children who received a ticket free for yourself and one for your friend? Or, if you could take your father or mother? Dr. Roberts says he has a splendid bill on for this week, and it includes among the rest the double red picture of Midget Sherlock Holmes and his dog. This picture promises to be very funny, as it shows the wonderful detective ability of a little boy and his dog. Other pictures are "Sunset," or "Her Only Romance," and the other "For the Commonweath," a picture showing the result of convict labor on people depending on work. A clever vaudeville attraction is also included.

This offer only lasts until Wednesday evening, and the subscriptions must be brought in by 6 p.m. on that day. The subscription must be for one month, paid in advance, fifty cents, for which the Register will give free two tickets, which will admit either two children or one child and an adult to the best seats in the house.

Leave for Missouri Home
Mr. and Mrs. W. J. Sexton departed yesterday for their home in Columbia, Mo., after spending most of the winter with Mr. and Mrs. J. P. Baumgartner and Mrs. Ella Palmer, the ladies being their daughters. They enjoyed the season here immensely besides having a delightful visit with their relatives. They made many friends who will be glad to see them return, if they should undertake the long journey again.

ARE EXAMINING

PROPOSED BILL

Plan of Creating Water Com-

mission Is Examined by

Keach and Cuttle

There is a meeting today of E. E. Keach of Santa Ana and Francis Cuttle of Riverside as members of the legislative committee of the Tri-County Reformation Committee with J. P. Baumgartner of Santa Ana, a member of the State Conservation Commission. The purpose of the meeting is to give the Tri-County committee representatives an opportunity to examine the provisions of the bill that the Conservation Commission is preparing to be submitted to the next legislature. This bill proposes the creation of a water commission to handle irrigation and water matters in this state.

Keach and Cuttle are examining the bill and looking at it from the standpoint of the Tri-County Committee, which is composed of delegates from Orange, Riverside and San Bernardino counties.

NOT THE ONLY ONE

There Are Other Santa Ana

People Similarly

Situated

Can there be any stronger proof offered than the evidence of Santa Ana residents? After you have read the following, quietly answer the question.

William Thursby, 417 E. Walnut St., Santa Ana, Cal., says: "Off and on for years I was bothered by my back and kidneys. To stoop or walk a little distance made the dull, heavy ache in my back more severe and my rest was badly broken. Further evidence of fault with my kidneys was shown by a heavy sediment in the kidney secretions. Reading about Doan's Kidney Pills, I got a box at Dean's Drug Store (now Wheeler & Mateer's Drug Store) and soon after I commenced their use, I noticed improvement. My back became strong and free from pain and the difficulty with the kidney secretions was corrected." (Statement given March 8, 1907.)

A Permanent Cure

On August 16, 1909, Mr. Thursby was interviewed and he said: "I have not changed my opinion of Doan's Kidney Pills since I recommended them over two years ago. The cure they effected has been permanent."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

REVIVAL SERVICES AT

M. E. CHURCH SOUTH

Revival services began yesterday at Spurgeon Memorial M. E. Church South, with Rev. Mr. Stem in charge. Splendid congregations attended the services and good interest was manifested.

Tonight Rev. W. L. C. Samson, pastor of the United Presbyterian Church will give the sermon of the evening. The young people's choir will furnish the music for this and future services during the revival.

The pastor and church extend a most cordial invitation to members of all other churches in the city to attend these revival services and aid in making them a success.

AMUSEMENTS

New Vaudeville at the Bell

The Bell presents new offerings in vaudeville and pictures for tonight, Tuesday and Wednesday, and as the class of "acts" and the selection of picture subjects put on by Manager Roberts, have been, in the past, such that the masses approved of it, can be understood, without doubt, that the program for the first of the week will be of the usual high standard and well worth seeing. Some may think that the last of the week's bill is the best, perhaps, to their notions. Yes, but, it should be borne in mind that just as much care is taken in selecting one entertainment as another as the motto of the Bell is "To get all good shows," and this one is good.

PUT OUT THE FIRE, LOCK THE DOOR

For You Can't Go Back After You've Seen Our Beautiful

San Jacinto

Now is the time to sell your high-priced ranches, and secure better ones for one-third the money in the fertile SAN JACINTO VALLEY. This rare opportunity is open now. It will not be a few months hence. These lands cannot be duplicated for anything like the price in the whole state. They are strictly high class in every particular. Some have fine brick houses, land all under a high state of cultivation, and right at the edge of town.

If you want to double your money in less time than it takes to tell it, this now is the time to do it. The very best of terms are available at this particular time. Large holdings have been secured from Eastern owners who are unaware of the recent development; especially the great new water discovery.

A committee with autos has been appointed to show everybody around free, and we extend a hearty invitation to all of our good neighbors to see this beautiful little valley of ours in all its glory. Come over on the Santa Fe in the morning, back in the evening. San Jacinto Board of Trade, San Jacinto, Cal.

LOS ANGELES PRODUCE MARKET

With the arrival of Bermuda onions from the Imperial Valley in daily increasing quantities the market is becoming more free. A decline yesterday of 10 and 25 cents a crate brought the quotations down to \$1.75 and \$2. The day's receipts were 513 crates.

Butter and eggs both were steady at quotations. Trading was normal, egg receipts amounting to 659 cases and butter 9776 pounds. Egg shipments indicated a falling off in the local supply.

Potatoes were weak despite the large reduction in prices the past several days. Trading in them, however, was heavy by those who have not fortified themselves with storage stock, which is said to be more than sufficient for a month's supply.

Cheese receipts were above normal—\$205 pounds—several of the listed varieties being weak at quotations. Northern cheese was the chief trader of the day and there was a fair demand for limburger.

The clean up on storage stock of apples has begun. Spitzenbergs were removed from the board yesterday. Smith Ciders advanced 40 cents a box, the new quotation being \$1.75. Colorado Winesaps declined from 50 to 75 cents a box, the new quotation being \$1.50 and \$2. Colorado Gano apples declined to \$1.85.

Pineapples declined a cent on the top price, to 8 and 9 cents a pound. The recent arrival of high grade shipments from Hawaii caused the reduction.

All green vegetables were in sufficient supply to meet the demand.

ORDER TO SHOW CAUSE

In the Superior Court of the County of Orange, State of California.

In the Matter of the Estate and Guardianship of Samuel James Tuffee, a Minor.

It is ordered that all persons interested in the estate of said minor do appear before this court on the 10th day of May, 1912, then and there to show cause why all of that real property hereinafter described should not be leased for a period of twenty (20) years, for the purpose of exploiting for oil and petroleum, and extracting the same therefrom, upon the payment of a cash bonus of \$5000, and the further payment of a one-half of the net oil produced from the premises during the existence of the said lease.

Said property is described as follows, to-wit: eleven (11) and fourteen (14) of the Subdivision of Sections 19 and 20, Township 3 South, Range 9 West, S. 1, 1/2, in the County of Orange, State of California, as shown on the map of said county, page 31, Maps of Orange County Records.

Reference is hereby made to the petition on file herein for particulars. And it is further ordered that this order to show cause be published for two weeks in a newspaper of general circulation published in the County of Orange, State of California.

Dated April 25th, 1912.

Z. B. WEST, Judge.

NOTICE FOR PUBLICATION OF TIME FOR PROVING WILL, ETC.

In the Superior Court of the County of Orange, State of California.

In the Matter of the Estate of Caroline M. Conn, deceased.

Notice is hereby given that Friday, the 3rd day of May, 1912, at 10 o'clock a. m. in the Court Room of this court, in the City of Santa Ana, County of Orange, State of California, has been appointed as the time and place for proving the application of D. N. Kelly, plaintiff, that a document now on file in this Court, purporting to be the last will and testament of the said deceased, be admitted to probate, that Letters Testamentary be issued thereon to him at which time and place all persons interested therein may appear and contest the same.

Dated April 26, 1912.

W. B. WILLIAMS, County Clerk.

Orange Land \$375 An Acre A GOOD BUY

50 acres of fine land 3 miles from Garden Grove, all good orange or alfalfa land; electric pumping plant, house and barn, windmill and tank; 15 acres set to walnut trees; 3 horses, 125 hogs; farming tools. All go with place at \$375 per acre.

Orchards

Already planted may now be bought in the Yucaipa valley. These places were set one and two years ago to Winesaps, Rome beauty and Arkansas Blacks, and the trees have made a fine growth, having been well cared for by competent orchardists. Yucaipa trees begin to bear the third year and yield a handsome income the fourth year, which increases for many, many years as the big trees in the upper valley prove. The number of planted orchards on the market is very limited and soon will be bought up for this season. They are elegant investments for people who do not wish to plant and care for their own places. Competent orchardists in the valley will care for the trees, irrigating, cultivating and pruning for \$10 per acre per year, and do it right. They make a business of caring for orchards. The improvements in the valley are advancing at a lively rate. Planting hundreds of acres, grading streets, finishing the laying of the water mains, building homes, opening stores, and starting two churches. The elegant new grammar school building is completed and was first occupied last week. We should have stated above that the planted one year orchards may be bought on the same easy terms as the land is sold only six per cent interest on deferred payments. And don't forget the new subdivision now ready in the lower valley adjoining famous Redlands. Come now, go with us to see for yourself this beautiful valley only 40 miles from Orange county. We go two or three times a week. Free trips through the valley.

SAINZ TRIAL WILL BE HERE

Judge West Denies Change of Venue to Man Who Killed Jose Machado

That Rosario Sainz, charged with murdering Jose Machado, can get a fair trial in this county, was the conclusion of Judge West this morning after the hearing in his court on the motion for a change of venue made by Sainz's attorneys, Wessel & Dutton, of Anaheim.

In addition to affidavits already filed, Sainz's attorneys filed an affidavit from George Wilcox of Buena Park. Wilcox stated that he does not think Sainz can get a fair trial in this county for the reason that the prevailing opinion is that he is guilty of murder and that no punishment but death should be given Sainz.

District Attorney West filed affidavits made by L. P. Edwards of Fullerton, J. W. Duckworth of Anaheim, W. King of Garden Grove, A. Hernes of Newport Beach, James Fullerton of Orange, Sheriff Rudock, Under-Sheriff Squires, C. S. Kelley and Constable Jackson of Santa Ana. These affidavits were to the effect that Sainz can get a fair trial and denying that it is street talk that the jury that failed to hang Sainz ought to be hanged.

L. W. Slaback, court reporter, in his affidavit testified that but thirty-three men were examined in getting the jury that tried Sainz, that but eighteen of them had never heard of the case, and that but few of them said they were prejudiced against Sainz.

Judge West denied the motion for a change of venue, with the understanding that it can again be taken up at the time of empanelling the jury, should Sainz's attorneys, who are making a hard fight for their client, have additional evidence at the time.

Orders New Trial
The Appellate Court has reversed a judgment of \$327 entered in the Superior Court in favor of Helen May Rich as executrix of the will of Dr. C. L. Rich, against the Southern California Edison Company. Judgment was on two counts, one for \$397 for the Fullerton Hospital and the other for \$530 for Dr. Rich. Suit was for services following the injury of E. H. Lapiere by shock and burning from the wires of the Edison Company. The remittitur states that the evidence showed that the bill of the hospital was proven as a liability of the company. It is stated that the liability of the company for the surgery upon Lapiere was not proven, that Dr. Rich was not duly authorized to act for the company, that therefore his services were voluntary, and that the court believes the verdict was in excess of a proper verdict. The opinion of the appellate judges was that the fact that

the Edison Company paid Lapiere \$4500 in settlement of the suit brought by him for damages for his injuries was not confession of liability. A new trial in the superior court is ordered. Williams and Rutan represent Dr. Rich's estate and H. H. Trowbridge of Los Angeles represents the company.

IN THE JUSTICE'S COURT

GEORGE BIGGS IS HELD OVER

Relatives of Murdered Couple
Hear Evidence in Preliminaries Today

George Biggs was given two preliminary examinations today, one on a charge of murdering Francis A. Montee east of Anaheim on April 12, and the other for murdering Mrs. Montee at the same place and time. Biggs, his beard grown out, appeared with his attorney, Clyde Bishop. In conversation with his attorney, he seemed to admit the truth of most of the testimony put in by Deputy District Attorney Koepsel.

In the courtroom were brothers and sisters and other relatives of the murdered man and woman, and at times the recital of incidents having to do with the awful murder brought tears into their eyes. The witnesses examined were Robert Lehman, the boy who was on the wagon when Biggs shot Montee, but who ran away before Biggs beat the fallen man on the head; Dr. H. A. Johnston, who testified as to the injuries inflicted; A. K. Pettit, who worked for Biggs, and who first saw the bodies after Biggs left them; Philip Germann, deputy city marshal of Anaheim, who, with Marshal Kallenberger, arrested Biggs, and Under Sheriff Squires, who said Biggs told him that he killed Montee and Mrs. Montee with the shovel.

Deputy Koepsel is convinced that instead of the shovel, Biggs used the ax. The head of the ax fitted into the wound in Montee's forehead, and the edge of the ax fitted the wound in the back of Mrs. Montee's head.

No evidence not brought out at the coroner's inquest was introduced today.

Biggs was held to answer without bonds.

TAKE LESLIE KNAPP TO PENITENTIARY

Leslie Knapp is to serve two years for deserting his wife at Fresno. Knapp was arrested and sent to the penitentiary after he had been given a chance to reform and support his wife. He was arrested in Fresno and convicted in the Superior Court of failing to provide for his wife and child. He was paroled and among the provisions of the parole was that he stay away from a certain woman who was alleged to have enticed him away from his home and wife. Knapp agreed to carry out the requirements of the parole but when his affinity joined him in Fullerton, where Knapp was clerking, he was arrested and taken back to Fresno, and his sentence enforced.
